Aeon Stone (Preserving)

Item 5

Uncommon Invested Magical

Over millennia, these mysterious, intricately cut gemstones have been hoarded by mystics and fanatics hoping to discover their secrets. Despite their myriad forms and functions, these stones are purportedly all fragments of crystal tools used by otherworldly entities to construct the universe in primeval times.

When you invest one of these precisely shaped crystals, the stone orbits your head instead of being worn on your body. You can stow an aeon stone with an Interact action, and an orbiting stone can be snatched out of the air with a successful Disarm action against you. A stowed or removed stone remains invested, but its effects are suppressed until you return it to orbit your head again.

There are various types of aeon stones, each with a different appearance and magical effect. Each aeon stone also gains a resonant power when slotted into a special magical item called a wayfinder.

This red crystalline star covers you in a faint aura when you are subject to lingering wounds. You gain resistance 3 to persistent damage. At the end of any turn where the persistent damage can't overcome this resistance, end that condition. The resonant power allows you to cast stabilize as a primal innate cantrip.

Backpack Item 0

A backpack holds up to 4 Bulk of items, and the first 2 Bulk of these items don't count against your Bulk limits. If you're carrying or stowing the pack rather than wearing it on your back, its Bulk is light instead of negligible.

Bedroll Item 0

Brass Ear Item 0

A brass ear is a short, flared tube with one end narrow enough to comfortably fit against the ear canal. When using it to listen through a door, window, thin wall, or similar barrier, if the barrier would normally increase the DC of your Perception check to hear sounds on the other side, the DC increases by only half as much as normal. It's not suitable for improving your hearing in general, a role better served by a hearing aid.

Climbing Kit Item 0

This satchel includes 50 feet of rope, pulleys, a dozen pitons, a hammer, a grappling hook, and one set of crampons. Climbing kits allow you to attach yourself to the wall you're Climbing, moving half as quickly as usual (minimum 5 feet) but letting you attempt a DC 5 flat check whenever you critically fail to prevent a fall. You gain a +1 item bonus to Athletics checks to Climb while using an extreme climbing kit. A single kit has only enough materials for one climber; each climber needs their own kit. If you wear your climbing kit, you can access it as part of a Climb action.

PC1

Crafter's Eyepiece Item 3

Invested Magical

This rugged metal eyepiece etched with square patterns is designed to be worn over a single eye. Twisting the lens reveals a faint three-dimensional outline of an item you plan to build or repair, with helpful labels on the component parts. You gain a +1 item bonus to Crafting checks. When you Repair an item, increase the Hit Points restored to 10 + 10 per proficiency rank on a success or 15 + 15 per proficiency rank on a critical success.

GMC

Crowbar Item 0

When Forcing Open an object that doesn't have an easy grip, a crowbar makes it easier to gain the necessary leverage. Without a crowbar, prying something open takes a -2 item penalty to the Athletics check to Force Open. A levered crowbar grants you a +1 item bonus to Athletics checks to Force Open anything that can be pried open.

PC1

Elixir of Life (Minor)

Item 1

Alchemical Consumable Elixir Healing

Elixirs of life accelerate a living creature's natural healing processes and immune system. Upon drinking this elixir, you regain the listed number of Hit Points and gain an item bonus to saving throws against diseases and poisons for 10 minutes.

The elixir restores 1d6 Hit Points, and the bonus is +1.

PC2

Eye Slash (Greater)

Item 4

Divination Invested Magical Tattoo

Small scars or marks around your eye improve your distant vision. These scars are especially common among orc scouts, who favor scars shaped like eagle talons. You can see four times farther than normal. If you have darkvision, you can see blood in color. Higher-level versions of an *eye slash* are larger and more elaborate scars or marks, radiating out around the eye.

The tattoo also grants you a +1 item bonus to Perception checks that involve sight.

TV

Flint and Steel

Item 0

Flint and steel are useful in creating a fire if you have the time to catch a spark, though using them is typically too time-consuming to be practical during an encounter. Even in ideal conditions, using flint and steel to light a flame requires using at least 3 actions, and often significantly longer.

PC1

Folding Ladder

Item 0

This multi-hinged, 10-foot ladder is useful for climbing upward or across dangerous pits. You can fold or unfold the ladder with two total Interact actions, which don't need to be consecutive.

Healer's Gloves

Item 4

Invested Magical

These clean, white gloves never show signs of blood, even after they're used to stitch up wounds or treat other ailments. They grant you a +1 item bonus to Medicine checks.

Activate [one-action] Healer's Touch (manipulate) **Frequency** once per day; **Effect** You soothe the wounds of a willing, living, adjacent creature, restoring 2d6+7 Hit Points to that creature. This is a healing vitality effect. You can't harm undead with this healing.

GMC

Healer's Toolkit

Item 0

This kit of bandages, herbs, and suturing tools is necessary for Medicine checks to Administer First Aid, Treat Disease, Treat Poison, or Treat Wounds. Expanded healer's toolkits provide a +1 item bonus to such checks. If you wear your healer's toolkit, you can draw and replace them as part of the action that uses them.

PC1

Lifting Belt

Item 4

Invested

Magical

This wide leather belt grants you a +1 item bonus to Athletics checks and increases the amount you can easily carry. You can carry Bulk equal to 6 + your Strength modifier before becoming encumbered, and you can hold and carry a total Bulk up to 11 + your Strength modifier.

Activate [two-actions] Assisted Lift (manipulate) **Effect** You lift an object of up to 8 Bulk as though it were weightless. This requires two hands, and if the object is locked or otherwise held in place, you can attempt to Force it Open using Athletics as part of this activation. The object still has its full weight and Bulk for all other purposes - you just ignore that weight. The effect lasts until the end of your next turn.

GMC

Oil

Item 0

You can use oil to fuel lanterns, but you can also set a pint of oil aflame and throw it. You must first spend an Interact action preparing the oil, then throw it with another action as a ranged attack. If you hit, it splatters on the creature or in a single 5-foot square you target. You must succeed at a DC 10 flat check for the oil to ignite successfully when it hits. If the oil ignites, the target takes 1d6 fire damage.

PC1

Oilskin Pouch

Item 0

Treated with oil and animal fats, the leather of this pouch is more resistant to water but is also stiffer. Many makers and travelers decorate their oilskin pouches with symbols of the ocean and sailing. Often used to store scrolls or other paper documents when a traveler knows they will be in an area of heavy rain or near water. While not entirely waterproof, an oilskin pouch seals with sturdy leather ties, allowing it to resist anything other than total submersion. Even completely underwater, it will protect its contents for up to 1 minute. An oilskin pouch can protect up to 1 Bulk of items.

Equipment Traits

Alchemical

Alchemical items are powered by reactions of alchemical reagents. Unless otherwise noted, alchemical items aren't magical and don't

radiate a magical aura. Alchemical creatures are partially powered by alchemical reactions.

Consumable

An item with this trait can be used only once. Unless stated otherwise, it's destroyed after activation. Consumable items include alchemical items and magical consumables such as scrolls and talismans. When a character creates consumable items, they can make them in batches of four.

Divination

The divination school of magic typically involves obtaining or transferring information, or predicting events.

Elixir

Elixirs are alchemical liquids that are used by drinking them.

Healing

A healing effect restores a creature's body, typically by restoring Hit Points, but sometimes by removing diseases or other debilitating effects.

Invested

A character can invest only 10 magical items that have the invested trait. None of the magical effects of the item apply if the character hasn't invested it, nor can it be activated, though the character still gains any normal benefits from wearing the physical item (like a hat keeping rain off their head).

Magical

Something with the magical trait is imbued with magical energies not tied to a specific tradition of magic. A magical item radiates a magic aura infused with its dominant school of magic. Some items or effects are closely tied to a particular tradition of magic. In these cases, the item has the arcane, divine, occult, or primal trait instead of the magical trait. Any of these traits indicate that the item is magical.

Tattoo

A tattoo is a type of item that is drawn or cut into a creature's skin and usually takes the form of images or symbols.

Uncommon

Something of uncommon rarity requires special training or comes from a particular culture or part of the world. Some character choices give access to uncommon options, and the GM can choose to allow access for anyone. Less is known about uncommon creatures than common creatures. They typically can't be summoned. The DC of Recall Knowledge checks related to these creature is increased by 2.
